

USER TUTORIAL

Elfaham Real Estate Management System

Run brokerage, off-plan sales, leasing, and collections in one bilingual Windows office — from lead to handover, lease, and receipt.

Windows desktop

Arabic / English

Brokerage · Leasing · Collections

One license per office

How to use the system

Install on Windows, sign in, and start from the dashboard. Brokerage (leads, listings, showings), developer sales (units, bookings, handover), leasing, and collections share one office. Print contracts and receipts from Print Center, and keep the owner informed on WhatsApp and Telegram.

Dashboard - KPIs and module hub

Contacts - buyers, tenants, owners, vendors

Showings - viewing appointments

Property search - find units and listings

Units - inventory, status, and pricing

Payment plans - installment schedules

Leases - tenancy contracts and renewals

Invoices - billing and tax documents

Leads - pipeline from inquiry to deal

Listings - brokerage inventory and offers

Deals - brokerage closings and status

Projects - developer / off-plan master data

Bookings - reservations and installments

Handover - snagging and unit delivery

Landlords - owner contracts and statements

Payments - collections and receipts
